

Manzanillo, Colima, México, May 22, 2015

To Editor in Chief of Revista de Biología Tropical

The authors are in agreement about submitting this manuscript, "**The inhibitory effect of a non-yessotoxin-producing dinoflagellate, *Lingulodinium polyedrum* (Stein) Dodge, towards *Vibrio vulnificus* and *Staphylococcus aureus***", and declare that there is no conflict of interest for this purpose. We also accept to follow the Helsinki Ethical Norms.

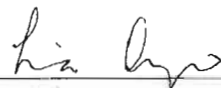

We trust that its content complies with the focus of your prestigious journal.

We suggest the following three potential referees for this purpose:

1. M. del Pilar Sánchez-Saavedra Institution CICESE, México email psanchez@cicese
2. Christine Band-Schmidt Institution CICIMAR IPN México email ciband@yahoo.com
3. Eduardo Uribe ; Institution Universidad Católica del Norte Chile email euribe@ucn.cl

Sincerely,

Sonia Quijano-Scheggia

Maribel Barajas-González

Hong Chang Lim

Chui Pin Leaw

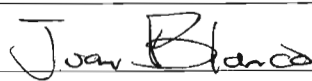

Aramis Olivos-Ortiz

Juan Gaviño-Rodríguez

Juan Blanco-Pérez
